SAP RAR® for Leases

Stay Compliant for combinations of IFRS15 and IFRS16 (Lessor)

Automate and Streamline Your Revenue Recognition Process

Regardless of the type of Lease, SAP Revenue Accounting and Reporting helps business manage IFRS15 and IFRS16 (Lessor) regulations for countries that must adhere to US GAAP and IFRS. The application enables compliance with new statutory regulations for revenue recognition and takes care of the Leasing relevant postings including Contract Assets and Liabilities. SAP Revenue Accounting and Reporting handles Lease classifications for multiple ledgers, change processes and contract modifications.

Did you know?

- SAP Revenue Accounting and Reporting can also be used for non-Sales Finance processes where the business requires a standalone Finance or Operating Lease.
- SAP Revenue Accounting and Reporting does not require separate Licenses and is included in your standard SAP ECC or S/4HANA License.

Why implement SAP Revenue Accounting and Reporting for Leases?

- Creates a user-friendly solution to automate and simplify revenue recognition and accounting processes
- Classify the Lease contracts (Operating Lease, Sales Type Lease, Dealer Manufacturer Lease and NPV Leases)
- Manage Leasing relevant postings including Contract Assets and Liabilities
- Increases flexibility by decoupling revenue realization rules for ordering and billing systems
- Guarantees compliance with new or applicable legal provisions
- Builds scalability through use of the SAP architecture and the benefits of parallel processing
- Fosters smooth connection to other SAP and non-SAP systems through the Adapter Framework
- Is SAP's standard product for all kind of revenue recognition processes under S/4HANA

Walldorf Consulting AG for SAP Revenue Accounting and Reporting
