SAP® Recognized Expertise
SAP S/4HANA*

WHO WE ARE

We are Walldorf Consulting. With our international team of more than 80 consultants we digitalize business processes for our clients, applying SAP solutions - that is on premise, hybrid and cloud-based. Right now we are searching for new colleagues to foster the substantial growth of our company. We are looking forward to working with people who love challenging projects in their everyday-life, who like to take responsibilities and share their knowledge within their team and with our partners.

YOUR TASKS

- Working at the client site up to 150 days per year to support S/4HANA Cloud project(s) implementation, customization, configuration, integration, migration, testing, documentation
- Supporting client both on site and remotely in different time zone based on the project requirement
- Providing pre go-live and post go-live support to clients including training and demonstration
- You will undergo an initial 3-Month period of basic training, partially on the job-training
- You will need to work in tight deadlines and able to work together with multiple teams from clients

YOUR REQUIREMENTS

- At least four years in SAP S/4HANA Cloud and on-premises with minimum two end to end project implementations
- Experience at least four years in SAP Professional Services module experience in project support
- Good understanding of standard Fiori apps and customizing
- Good understanding of SAP best practices especially SAP Activate Methodology
- Experience and familiar with KPI reports and Embedded Analytics
- Travel to support clients worldwide
